PITAHAYA ROSA

PRODUCT SPECIFICATIONS

Also known as **Dragon Fruit**, due to its obvious appearance, the pitahaya is a fruit native to America, coming from a cactus. Its taste is sweet and slightly acid.

PITAHAYA AMARILLA

PRODUCT SPECIFICATIONS

Dragon fruit has been shown to improve glucose metabolism, keeping glucose levels stable in people with hyperglycemia and diabetes.

AGUACATE HASS

PRODUCT SPECIFICATIONS

Avocado monounsaturated fatty acids reduce bad cholesterol (LDL) and promote cardiovascular health.

GUANÁBANA

PRODUCT SPECIFICATIONS

The **soursop** is a fruit native to Central and South America that can measure 30 cm and weigh 12 kg! It has an acid flavor with sweet notes, very stimulating on the palate.

GRANADILLA

PRODUCT SPECIFICATIONS

Granadilla grows on a climbing plant in the passion fruit family. It is very similar to passion fruit, but with completely different flavor, it has a faint and very sweet flavor.

TOMATE DE ÁRBOL

PRODUCT SPECIFICATIONS

The tree tomato, also known as **tamarillo**, is native to South America. It has a sweet and slightly acid taste.

MANGO

PRODUCT SPECIFICATIONS

Mango is a renowned tropical fruit native to Southeast Asia. It is the national fruit of India and in Hindu culture it is a symbol of prosperity and happiness. It is a fruit with a delicate and very sweet flavor.

PEPINO DULCE

PRODUCT SPECIFICATIONS

The sweet cucumber, also known as **melon cucumber**, is an Andean fruit, with a mild flavor very similar to that of melon.

NARANJILLA

OTHER FRUITS

STRAWBERRIES

SUBTLE LEMON

MEYER LEMON

COCOA

PRODUCT SPECIFICATIONS

The naranjilla, also known as **lulo**, is native to the Andes. Its scientific name, *Solanum quitoense*, indicates that it comes from Quito (the capital of Ecuador). It is a fruit with an acid flavor, very appetizing.
